Dr. Reed Announces 2002 Legislative Agenda for Education

FOR IMMEDIATE RELEASE:

Wednesday, December 26, 2001

Superintendent of Public Instruction Suellen Reed today announced the 2002 legislation agenda proposed by the Indiana Department of Education for the Indiana General Assembly session beginning January 7.

Dr. Reed emphasized the importance of maintaining Indiana's high expectations and high academic standards to achieve continuing advances on statewide and national assessment programs. She urged legislators to maintain strategic funding levels for schools and "stay the course" of academic progress.

The 2001-2002 ISTEP+ scores were announced only last Wednesday, and Dr. Reed said continued advancement on ISTEP+ and other assessments can be expected if legislators carry through with their strategic funding plans to better Indiana education.

The legislative agenda for education covers four points that call for:

- Shifting the date of the legal publication of each school corporation's Annual Performance Report to January 1-15 instead of September 1-15, and revising the required list of benchmark indicators.
- Creating a uniform process to report arraignments and convictions of licensed school personnel, and an expansion of the list of crimes that could result in a license being revoked after conviction.
- Changing the birthday deadline for kindergarten enrollment from July 1 to September 1, allowing parents who choose to do so to enroll their children with July and August birthdays. No child is required to attend school in Indiana until the year of the child's seventh birthday.
- Forming an interagency taskforce for special population services. The taskforce would be directed by the state director of special education, and assigned to identify new strategies for coordinating, integrating, and streamlining delivery of services by state agencies to children with disabilities and their families.

SHIFT ANNUAL PERFORMANCE REPORTS TO JANUARY 1-15

Changes to improve data collection from schools since the initial performance report legislation in 1996 have altered the timetable so that each current year's data is received by the Department of Education after October 1 - making data published the next September already 11 months old. The data collected each October can be prepared for annual publication by January. That would mean that attendance figures and ISTEP+ scores from 2002 could appear in the Annual Performance Report published in January 2003.

Proposed alternations in the list of benchmark indicators are intended to improve uniformity and to add such meaningful detail about student enrollment and about the number and percentage of students with limited English proficiency.

CREATE UNIFORM REPORTING OF ARRAIGNMENTS OF LICENSED PERSONNEL

Under present law, the Indiana Professional Standards Board has the authority to revoke the license of certified school personnel who are convicted of a limited list of crimes, generally heinous crimes against children. Other wrongdoing, immorality, and misconduct are not listed and some individuals are able to resign one position and seek employment in other school corporations or in a reciprocating state.

The proposal calls for creating a uniform process to require accredited schools to report any criminal arraignment of licensed school personnel to the Department of Education. Licensed personnel may include administrators, librarians, counselors, nurses, and teachers. Department staff would investigate allegations with local prosecutors and decide what action to pursue, perhaps license suspension or revocation. The department would be in a position to request license suspension or surrender as part of a plea bargain or conviction.

CHANGE BIRTHDAY DEADLINE FOR KINDERGARTEN TO SEPTEMBER 1

Although the 2001 legislature adjusted Indiana's birthday deadline to July 1 for kindergarten enrollment, the date remains the earliest in the nation. It deprives thousands of children born in July and August of the opportunity for appropriate learning experiences at a crucial time in their development. With a change to September 1, parents still would decide whether or not to enroll their five-year-old children; Indiana's compulsory education does not begin until the year of the child's seventh birthday.

Indiana's July 1 date creates difficulties for families who move here from other states with children they expect to enroll in kindergarten. Most other states use September 1 or later. Illinois is September 1, Ohio is September 30, Kentucky is October 1, and Michigan is December 1. Families moving from Indiana to other states express dismay that their children are so much older than their classmates in the new state.

Early childhood education specialists and the National Association of School Psychologists support a date of September 1 or later. If a local kindergarten curriculum does not meet the needs of 5-year-olds, then the curriculum should be questioned as not appropriate. NASP research shows:

- Delaying kindergarten until the child is 6 years old has not resulted in improvement in reading, writing, or mathematics skills.
- Students delayed in entering kindergarten were not found four to twelve years later to be more academically skilled, more athletically involved, nor more socially successful than students who entered kindergarten after turning 5 years old.
- Students who are a year older than their classmates in a grade level are much more likely to drop out of high school.

FORM AN INTERAGENCY TASKFORCE FOR SPECIAL POPULATION SERVICES

With limited resources to pay for services to children and young adults with disabilities, the challenge is to provide innovation and collaboration among agencies to streamline services and maximize every dollar of federal, state, and local funding. A number of children and their families receive services from or have services funded by more than one agency, and barriers must be lowered to coordinate and integrate decisions that otherwise are made in isolation.

Taskforce agencies whose members would join the Department of Education to study the strategies for coordination and integration would include the Division of Family and Children, the Division of Mental Health and Addiction, the Division of Disability, Aging, and Rehabilitative Services, the Office of Medicaid Policy and Planning, the Department of Health, the Department of Correction, and local educational agencies.

Implicit in the taskforce review is the identification of agency and legislative barriers, as well as recommendations for eliminating these obstacles.

A report on these recommendations would be made to the superintendent of public instruction, the secretary of the office of family and social services, and the commissioners of the departments of health and correction. This report will provide the framework for moving toward improved delivery of services and more efficient use of fiscal resources and other resources. The report also may result in subsequent legislative proposals to the 2003 General Assembly.

NOTICE FROM THE AUDITOR OF STATE

Because it is the statutory duty of the Auditor of State's Office to issue bi-weekly payroll, I want to inform you in advance, and ask that you inform our affected employees, of a change in the number of pay dates for the "A" cycle payroll in calendar year 2002. The "A" cycle payroll will have 27 pay dates instead of the customary 26 biweekly pay dates.

Every non-leap year, one day of the week occurs fifty-three times (52 weeks x 7 days/week + 1 day = 365 days). When the last day of the calendar year falls on a payday, this creates a problem for employers who pay their employees on a biweekly basis. As a result of this anomaly and the occurrence of the leap year and holidays, this situation occurs approximately every eleven years. For the state of Indiana's "A" cycle payroll, this situation will occur in the calendar year 2003. Because the normal payday would be January 1, 2003, the New Year's Day holiday, it will be necessary to issue payroll warrants on December 31, 2002; this moves the 27th payday into 2002 from 2003.

The Auditor of State's payroll department in conjunction with State Personnel has already made the necessary calculations to change many of the payroll deductions to accommodate the extra payday. There are two deductions that employees need to examine in light of the 27 pay dates that will occur. The first deduction is deferred compensation. Employees need to be aware that the extra payday will cause their deferred compensation to increase on an annualized basis. The second deduction is the deduction for medical and dependent care flexible spending accounts. Those deductions will also increase on an annualized basis. Thank you for sharing this information with your employees.

If this effects your Deferred Compensation or medical and/or dependant care flexible spending accounts, Please feel free to contact Donna Saine, payroll @ 920-6218; Sylvia Applegate, personnel @ 924-8407; or Missy Betzold, HRD @920-6340 with any questions. - Missy Betzold, HRD

Tech News - More and more forms are available on Novell Application Launcher (NAL). The Business Office (other departments may also) will use Adobe PDF Format to save these forms instead of using Microsoft Excel or Microsoft Word. Some of your computers are still using older Ghost image so it did not have the Adobe Reader installed to be able to read these forms. I have added an icon for you called "Adobe Reader Install" in both the Business Office and Miscellaneous Folders. First, try opening a form you need. If you get an error, then double-click on above icon (Adobe Reader Install) to install the Reader. Then, go back to your form and click on it again. Only a few of you will need to do this. — Jay Krieger

It is the perfect home base, since many films, bars and restaurants are just a walk or a short cab ride away.

The Claridge has agreed to cut their room rates in many cases more than \$100 per night to accommodate the festival crowd. Just mention that you are part of the Festival of Cinema for the Deaf to get a discounted room rate. A public TTY phone will be available in the hotel, in addition to the one required by law. All rooms will have 2 queen-size beds. The man in charge of booking this event at the Claridge is Andrew Fleck.

Rates:

1 - 2 people at \$99.00 per night.
3 - 4 people at \$119.00 per night.

(In other words, if 3 people wanted to share a room, it would cost \$119 divided by 3, or about \$40 each, etc.) If you end up staying elsewhere, please note the address of The Claridge Hotel, since it will be the meeting place for many activities. In addition to the actual assembly process,³ students will cover curriculum units which address the various car sub-systems:

- hydraulics
- electronics
- internal combustion engines
- precision machining
- suspension design
- friction (tires, rubber, and engine power to road movement)

Reschedule Game - Morton Memorial and ISD Boys' Varsity Basketball with Morton Memorial has been rescheduled from November 13, 2001 to this Thursday, January 17, 2002. The game is at Morton Memorial and will begin at 6:00 pm.

Check Out the Ball State Display!! - Ever wonder what the BSU participants get out of their experience at ISD? There is a display set up outside of Pam Lewis' office in the main building. The display will be up until Friday January 25th.

We Need Your Help! - The Father's Luncheon is around the corner, as you know it requires a lot of interpreters. If at all possible, please do not make interpreter requests for February 14.

Payroll News - The W2 Forms have not arrived as yet. They should be available for pick up on Tuesday January 23, 2001.

The following is some information from the State Auditor's Office

Tax saver Program: The biggest problem with last year's W-2 forms was the difference between the Year To Date Earnings amount on the employee's last Payroll Warrant stub and the amount of Federal taxable wages on the employee's W-2 form. On the 2001 W-2 form, the employee's Federal taxable wages are reported in Box 1. If this amount in Box 1 is added to all Tax saver deductions on the employee's last Payroll Warrant stub (all Tax saver deductions will end with the letters PT), this total should equal the Year To Date Earnings amount on the employee's last Payroll Warrant stub. Please keep in mind that the employee share of Family Vision (VF) is an automatic Tax saver D/OE.

Deferred Compensation: Any employee who participated in the Deferred Compensation program in the calendar year of 2001 should notice that their Federal taxable wages reported in Box 1 will be different than their Social Security wages reported in Box 3. This difference should be equal to the amount that

corresponds with the G code in Box 12 of their 2001 W-2 form. Other Tax Shelter Annuities, shown with an E code in Box 12 of the 2001 W-2 form, will cause a similar difference between Boxes 1 and 3.

Excessive Life Contributions: Any employee who makes over \$33,333.00 per year and has an Excessive Life Taxable Benefit (D/OE Code EL) will have a C code in Box 12 of their 2001 W-2 form. The amount that corresponds with this C code represents Taxable Benefit of Life Insurance coverage in excess of \$50,000.00. This Taxable Benefit is taxed as income earned by the individual employee. The amount that corresponds with the C code is already reflected as wages in Boxes 1, 3 and 5 of their 2001 W-2 form.

Retirement Plan Box 13: Any employee who participated in a State retirement plan in the calendar year of 2001 will have the Retirement plan box in Box 13 of the 2001 W-2 checked. Applicable Retirement plans include:

P.E.R.F. and T.E.R.F.

Box 12 Miscellaneous Items: The miscellaneous items will be reported in Box 12 of the 2001 W-2 Form. The Federal Government has developed a one-letter code system for use in identifying these items. See below for Code explanations.

Code A Uncollected Social Security Tax on Tips
Code B Uncollected Medicare Tax on Tips
Code C Excess Group Term Life Insurance
Code D Contributions to Sec. 401(K) Plan
Code E Contributions to Sec. 403(B) Plan
Code F Contributions to Sec. 408(K)(6) Sep Plan
Code G Contributions to Sec. 457 Plan (Deferred Comp)
Code H Contributions to Sec. 501(C)(18)(D) Tax Exempt Plan
Code J Third Party Sick Pay
Code K Excess Golden Parachute Payments
Code L Emp. Business Expenses Equal to Gov. Specified Rate

2001 W-2 Form Box Descriptions:

You should be able to look at the back of your W-2 for an explanation of what each box is.

I hope this information will help answer any questions when checking your W-2. – Donna Saine

ASL & Roman Catholic Archdiocese of Indianapolis - During the past year, the archdiocese had a couple of major milestones. When the archdiocese hosted the National Catholic Youth Conference, they were able to ensure that the entire conference was accessible for Deaf participants. In addition to the main conference, accessibility was provided for the Vocation Conference for a participant who is considering a vocation to the priesthood. The second major milestone was that the archdiocese is now providing a liturgy

celebrated in American Sign Language (ASL), rather than a translation of an English liturgy, at Christ the King parish in Indianapolis. Those masses are on the second Sunday of the month at 5:00 in the evening. Currently, the archdiocese is working on a couple of projects. Arrangements are being finalized for a retreat that will be conducted in American Sign Language. The last time this was offered in the archdiocese was in 1995. Plans are for it to become an annual event.

A second project that the archdiocese is involved in is working with the National Catholic Office for the Deaf (NCOD) in its gathering of Deaf youth from all across the Americas (both North and South) at St. Thomas University to allow them to share their experiences with one another as a young Deaf Church. This event will occur later this summer. Interpreters who are familiar with ASL and Spanish or Mexican Sign Language are needed.

There are a couple of areas of accessibility that the archdiocese is also focusing on. Currently, one Deaf catechist is going through a catechist-training program. Work has also been done with others regarding the development of a training tape on the Sacrament of Reconciliation. For more information or if you wish to participate in any of these activities, contact Father Joe Pesola at 882-0724, extension 222 (V/TTY) or via e-mail frjoe@netdirect.net.

Sports Update

HS Basketball - Indiana 42 Greenwood Christian Academy 68 (Last Thursday)

Prior to the first game after winter break, the Indiana team had lost 4 players to injuries and other reasons including a starter. Indiana traveled to Greenwood. Our first half was the most horrible shooting. We also lost another starter who was injured in the game. In the second half we used our full-court defense press to cut the deficit, but the opposing team's hot handed shooting controlled the momentum.

Player of the Game: Jim Hall 13 points and 8 rebounds

Kentucky Classic

Indiana 58 WPSD 37

After a slow start in the first half, we managed to play well as a team despite a minor change in the lineup.

Player of the Game: Kevin Webster 14 points and 5 steals

Indiana 76 Alabama 75

What an exciting game! Only a few minutes after the start of the game, we lost another starter to injury. After being down by 13 points in the second quarter, our defensive intensity rallied and spurred to gain a one point lead at half-time. The second half was a battle between both teams. We managed to hold the victory despite one of our key players fouling out within 5 minutes left and a player who missed 1-1 FT with less than 9 seconds. Player of the Game: Jon Mowl 20 points and 8 assists

Indiana 87 Kentucky 51

Playing our third game in less than 24 hours, having only two hours of rest, and losing an injured player against Alabama (making it a total of 6 players, including 3 starters, lost due to injuries and other reasons since the return from winter break), we played so well as a team as we captured the Kentucky Classic championship! Player of the Game: Onye Davis 27 points and 22 rebounds

Congratulations to Onye Davis, Jim Hall and Kevin Webster for selecting All-Tournament!!!

Our current record is 5 wins and 6 losses.

Vision Screening – The Health Center is busy working on scheduling Vision Screening for our students. If anyone has noticed a possible vision problem with one of our students, please inform Penny Woodward or Ellie Sinsko in Health Center. We need to know by January 23, 2002 as our screening starts on January 28th. Your help is appreciated. Thank you.

The smallest desk is in Willard and can be seen there. Please let Bethann Wright know if you are interested in any of these by Thursday, January 17. If you are interested in any of the above, you will have to arrange for the moving of the desks. Thank you.

4-5--**MONSTERS, INC.** Kids/Family and Comedy, Rated G, 1 hr. 46 min. Rated: G Featuring the voices of: Billy Crystal, John Goodman. Monsters, Inc. is the largest scare factory in the monster world, but caring children isn't as easy a job as it seems: everyone knows children are toxic and direct contact with them can be catastrophic! When Boo, a child visitor from the human world, finds the Monster world, everything goes topsy-turvy, and top kid "Scarer" James P. Sullivan (a huge intimidating monster with blue fur, large purple spots and horns, who's known as "Sulley") and his Scare Assistant, Mike Wazowski, (a lime green, opinionated, feisty, one-eyed monster) prove they may not be as tough as they look.

13-19--**OCEANS 11**--Comedy, Action/Adventure and Crime/Gangster, PG-13, 1 hr. 57 min. Dapper Danny Ocean (**GEORGE CLOONEY**) is a man of action. Less than 24 hours into his parole from a New Jersey penitentiary, the wry, charismatic thief is already rolling out his next plan. Following three rules — don't hurt anybody, don't steal from anyone who doesn't deserve it, and play the game like you've got nothing to lose — Danny orchestrates the most sophisticated, elaborate casino heist in history. In one night, Danny's handpicked 11-man crew of specialists — including an ace card sharp (**BRAD PITT**), a master pickpocket (**MATT DAMON**) and a demolition genius (**DON CHEADLE**) — will attempt to steal over \$150 million from three Las Vegas casinos owned by Terry Benedict (**ANDY GARCIA**), the elegant, ruthless entrepreneur who just happens to be dating Danny's ex-wife Tess (**JULIA ROBERTS**).

25-26--**LORD OF the RINGS**, Action/Adventure and Drama, PG-13 2 hrs. 58 min. Starring Elijah Wood, Billy Boyd, Bill Boyd, Dominic Monaghan, Ian McKellen Set in mythic pre-historic times, a young hobbit named Frodo Baggins inherits a magic ring from his elderly cousin Bilbo. Wise to the powers that the magic ring holds, the dark Lord Sauron wants it, knowing it will enable him to enslave the people of Middle Earth. In his effort to thwart Sauron, Frodo recruits the fellowship of a wizard, an elf, a dwarf and others on a mission to destroy the ring by casting it into the volcanic fires in the Crack of Doom. However, the ring unleashes its own power as a result of the

Festival of Cinema for the Deaf

Dear Friends,

I am pleased to announce that The Claridge Hotel in Chicago has agreed to host the Festival of Cinema for the Deaf on February 28th - March 4th, 2002. Located in the heart of the "Gold Coast," the Claridge will be the official hotel for the weekend, offering meeting rooms and a comfortable bar/lounge in the front. It is the perfect home base, since many films, bars and restaurants are just a walk or a short cab ride away.

The Claridge has agreed to cut their room rates in many cases more than \$100 per night to accommodate the festival crowd. Just mention that you are part of the Festival of Cinema for the Deaf to get a discounted room rate. A public TTY phone will be available in the hotel, in addition to the one required by law. All rooms will have 2 queen-size beds. The man in charge of booking this event at the Claridge is Andrew Fleck.

Rates:

1 - 2 people at \$99.00 per night.

3 - 4 people at \$119.00 per night.

(In other words, if 3 people wanted to share a room, it would cost \$119 divided by 3, or about \$40 each, etc.) If you end up staying elsewhere, please note the address of The Claridge Hotel, since it will be the meeting place for many activities. For RESERVATIONS, please contact them as soon as possible at:

ASL & Roman Catholic Archdiocese of Indianapolis - During the past year, the archdiocese had a couple of major milestones. When the archdiocese hosted the National Catholic Youth Conference, they were able to ensure that the entire conference was accessible for Deaf participants. In addition to the main conference, accessibility was provided for the Vocation Conference for a participant who is considering a vocation to the priesthood. The second major milestone was that the archdiocese is now providing a liturgy celebrated in American Sign Language (ASL), rather than a translation of an English liturgy, at Christ the King parish in Indianapolis. Those masses are on the second Sunday of the month at 5:00 in the evening. Currently, the archdiocese is working on a couple of projects. Arrangements are being finalized for a retreat that will be conducted in American Sign Language. The last time this was offered in the archdiocese was in 1995. Plans are for it to become an annual event.

A second project that the archdiocese is involved in is working with the National Catholic Office for the Deaf (NCOD) in its gathering of Deaf youth from all across the Americas (both North and South) at St. Thomas University to allow them to share their experiences with one another as a young Deaf Church. This event will occur later this summer. Interpreters who are familiar with ASL and Spanish or Mexican Sign Language are needed.

There are a couple of areas of accessibility that the archdiocese is also focusing on. Currently, one Deaf catechist is going through a catechist-training program. Work has also been done with others regarding the development of a training tape on the Sacrament of Reconciliation. For more information or if you wish to participate in any of these activities, contact Father Joe Pesola at 882-0724, extension 222 (V/TTY) or via e-mail frjoe@netdirect.net

7th & 8th Grade Girls Basketball - We played against New Augusta on their court yesterday. We were outmatched and outplayed by their bigger girls and lost 20 to 42. We will play against Edinburgh next Tuesday. This will be our 3rd game in a row without having a practice. Our Team Record is 2 - 3. - Coach Jay Krieger

HS Boys Basketball - ISD 54 - Morton Memorial 96

ISD traveled to and faced an unpredictable team, Morton Memorial (1A), that consisted of two towering players, 6'8" and 7'3" juniors (not 6'3", this is not a typo!) and the number one score leader in the state, a 6'1" junior with an average of 44 ppg in all classes. In the first half we could not execute our game plan despite the towering players' forearms above the rim! With a score of 14 - 45 at half time, we made a little adjustment and attacked the basket. We played much better offensively and confidently with the score 40-51. However, we could not contain the score leader who netted 52 points. This is probably one of the best players we have ever faced, and it was the tallest player we faced in ISD history! Our current record is 5-7.

Printer in the Library – Please be advised that the printer in the Library is out of order. Students and staff will need to find alternate printers until ours is repaired. Upon its repair, a notice will be placed in the Daily Bulletin. Thank you for your understanding. – Laura Kesterke, Librarian.

4th - 6th Grade Girls Basketball – The 4th, 5th, & 6th Grades Girls lost to New Augusta from 58 to 13. It was a tough game. There were several bad calls, and their team was much bigger than us. There is little opportunity for us to beat them due to their overall size! A high point was Ann Whited grabbing 5 rebounds. Our next home game will be this Tuesday. Please come and support our girls! Ronda Johnson

Recycling Tips -

- ❖ Do not place phone books, magazines or catalogs in the paper recycling containers. Used phone books are being kept in the basement of Building 6. A separate company will be recycling these books. Magazines and catalogs should be placed in the trash.
- ❖ Please remember to place your recycled items in the bins at your recycling station by Friday morning of each week.
- ❖ The green paper containers are there for "office paper only". This means paper that is used in copy machines, fax machines, computer printers etc. You can also put colored copying paper, junk mail, and envelopes in this bin.
- ❖ Construction paper is not to be recycled. Place it in the trash containers.
- ❖ Plastic and glass can be put into the same container as pop cans.
- ❖ Newspapers should be collected and put in boxes provided by Suzanne Bono's high school class.

Monsters, Inc. is the largest scare factory in the monster world, but caring children isn't as easy a job as it seems: everyone knows children are toxic and direct contact with them can be catastrophic! When Boo, a child visitor from the human world, finds the Monster world, everything goes topsy-turvy, and top kid "Scarer" James P. Sullivan (a huge intimidating monster with blue fur, large purple spots and horns, who's known as "Sulley") and his Scare Assistant, Mike Wazowski, (a lime green, opinionated, feisty, one-eyed monster) prove they may not be as tough as they look.

In one night, Danny's handpicked 11-man crew of specialists — including an ace card sharp (BRAD PITT), a master pickpocket (MATT DAMON) and a demolition genius (DON CHEADLE) — will attempt to steal over \$150 million from three Las Vegas casinos owned by Terry Benedict (ANDY GARCIA), the elegant, ruthless entrepreneur who just happens to be dating Danny's ex-wife Tess (JULIA ROBERTS).

HS Girls Basketball - Indiana 59 Medora 46

We started the game with a good defense pressure to claim a 37 to 16 half-time lead. In the second half, we did not play with the same intensity as we did in the first half and allowed the other team to cut the deficit in half. Most of our starters played no more than three quarters. Players of the Game were Pia Marie Paulone (24 pts/10 rebounds) and Erica Hossler (10 pts/4 rebounds/2 block shots). Our current Record is 10 – 6; and our next game is with Wisconsin at Michigan (CSSD) on Thursday. - Ken Kramer

4th, 5th, and 6th Grade Girls Basketball – The team lost again to by Edinburgh 28 to 9. All 9 points came from Ann Whited. Rosetta Swartz did a good job, but her painful shins stopped her from rebounds. Our total team rebounds was only 4! It hurt us greatly! Our next time we must GRAB THE BALL!

5th and 6th Grade Boys Basketball - Orchard defeated ISD. It was 43 to 19.

7th and 8th Grade Boys- Our boys played against strong team! Orchard beat ISD. The final score was 69 to 25. One Orchard player who is an 8th grade boy can dunk the ball during the game!!

CSSD nears!

The CSSD (Central States Schools for the Deaf) basketball tournament will be hosted by Michigan this year on January 24-26. This tradition began in 1925 at ISD, and ISD won its first championship in 1927. The tournament was discontinued for a period to time and was re-established in 1971. This year there will be eight schools competing for the championship: Indiana, Michigan, Maryland, Illinois, MSSD, Wisconsin, Texas, and Ohio.

Our girls' basketball team has won seven championships in a row! They plan to bring home their eighth! The boys plan to bring home their first championship since 1991! The cheerleaders have only one returning veteran this year, but hope to do well too.

Next Wednesday we will have a pep rally to inspire our teams during activity period. Good luck everyone! Let's continue our winning tradition!

HS Girls' Basketball

Congratulations to our Lady Deaf Hoosiers for capturing the Kentucky Classic! Congratulations also go to Erica Hossler, Cherish Lewis, and Pia Marie Paulone for being named to the All-Tourney Team! Our current record is 9 - 6, and our next game is at Medora on 1/22/2002.

HS Boys' Basketball

Our varsity boys were victorious last weekend at the Kentucky Classic in Danville, Ky. Coming off a 58-37 victory on Friday over Western Pennsylvania Deaf School, ISD defeated two opponents on Saturday, edging Alabama Deaf 76-75 and overpowering the host Kentucky Deaf School 87-51. Jim Hall with 21 points and 10 rebounds was Indiana's scoring leader against Alabama. Jon Mowl added 20 points, while Onye Davis logged a double-double with 17 points and 14 rebounds. Against Kentucky, Davis had 27 points with a season-high of 22 rebounds. Kevin Webster chipped in 21 points. Our current record is 5 - 7. Wish us luck at the CSSD tournament in Michigan next week!

Sports Update

5th/6th Grade Boys Basketball - ISD defeated Sycamore. The final score was 50 to 46. Jarvis Beaver scored 17 points. Gabriel scored 12 points. Colin Whited scored 11 points, and AJ Christain scored 8 points.

7th/8th Grade Boys Basketball - ISD defeated Sycamore. The final score was 46 to 23. Drew Hawkins scored 23 points. Sam Davis scored 14 points, and Ryan Hawkins scored 6 points. It was nice to have both team won with their last home games of this basketball season!!!

7th/8th Grade Girls Basketball - In my absence last Tuesday, the 7th/8th Grade Girls played against Edinburgh in the KRC. I was told by our fans, that we played well but did not nail it. We lost that game 20 - 25. Micaela Paulone and Nukeitra Hayes each got 7 points.

Yesterday we traveled to Bethesda Christian in Brownsburg and showed them that we could execute. Although I thought their team was a good match, we were in control of the game and beat them 32 - 24. Amanda Krieger earned 10 points. Nukeitra Hayes grabbed 8 rebounds. Our current record is 3 - 4, but against IISL League Teams, we are 3 - 0. Our next game is Wednesday, January 30th at Park Tudor at 4:30. Cheers up on!!

ISD Telephones - This morning, we discovered that all the phone numbers with the exchange of 924 at the ISD are not working. You can call out from them and use the last three numbers internally, but they will not allow incoming calls. We are working on this problem and will be in contact with the phone company. Thank you for your patience and understanding. The 920 exchanges seem to be working fine. Also Switchboard E-Mail is not working.

Dance Kaleidoscope at ISD - For the past two years Dance Kaleidoscope has performed and taught our students to express themselves through dance. The students have loved the experience and interacting with the dance teams. This year we will have a performance only. Dance Kaleidoscope will be in the Elementary Gym on Wednesday, January 30 at 10:15. The performance will last for approximately forty-five minutes.

Technology News - The Technology Center would like to inform you of the arrival of our long-awaited, new HP JetDirect print servers. These print servers will replace these blue Netgear print servers you have in your locations. We will begin to roll these JetDirects out within the next week. We will eventually get to all your printers that require more than one computer connected to it. Most of the staff with printers in their own offices will not need these JetDirects as your printers will be connected directly to your computers. These new print servers will mainly go to classrooms and labs. The HP JetDirects have been tested in several classrooms and our findings show that they are superior to the Netgear print servers that are in place now. We feel confident that you all will be pleased with the new HP JetDirects.

Elementary Drama Performance - Our 2nd and 3rd Graders will give a great play on February 1st from 1:15 to 2 p.m. Please come to Elementary Gym and watch our students proudly perform their new drama skills.

CSSD Results

HS Girls Basketball

Indiana 60 Wisconsin 17

We got off to a slow start before we exploded in the final three quarters with a score of 48 to 10. Our zone defense shut down their offense by only allowing four points in the second half. The Player of the Game was Elsie Ritchie with 15 points, 9 rebounds and 5 steals.

MSSD 54 Indiana 51

Our goal of capturing 8th straight CSSD title came to an end by the determined Lady Eagles. It was a good battle between two teams from start to end. The game could have gone either way. The fans got their money's worth by watching this game. With two minutes left, we failed to get good box-outs two times while they missed their free throws. They ended up making two important shots which put us in a 5 point deficit. Our girls didn't give up until the game was over. Pia Marie Paulone's long shot at the buzzer didn't fall in to send the game into overtime. What a heartbreaker game for every player on our team! Hey Girls, you are still winners in our hearts! The Player of the Game was Pia Marie Paulone with 24 points and 14 rebounds.

Indiana 59 Texas 39

Our biggest fear of huge letdown from the previous day of losing to MSSD was what effect occur with our girls when they took on Texas. Our girls had proven themselves win the previous game against MSSD. We started with a good defense pressure taking a 35 - 15 halftime lead and hung in there until the game was over. We captured the third place spot in the CSSD Tourney. The Players of the Game were the Entire Team for rebounding back after a disappointing loss. Our Congratulations to Pia Marie Paulone and Elsie Ritchie for making the All-CSSD Team! Our current record is 12 - 7, and our next game is with New Creations on January 30th. - Ken Kramer

HS Swim Team - On Saturday, we competed against ten teams in the All-City Meet. The Boys came in sixth place. The Girls came in tenth. The boy's 400 free relay came in third place and received a bronze medal. Many swimmers has improved their times; also several school records were broken. These results will be announced later when they are received from the meet. Our next meet is tomorrow against Seccina and Ritter at ISD! - Coaches Nancy Caraboa, Tracy Graves & Chris Field

Congratulations - The Job Skills Training Center (JSTC) recently received a grant from the National Gardening Association. Catherin Rahn applied for it last fall and received word last week that she will receive \$750.00 in gardening supplies to be used in the Job Skills Training Center. We are thrilled! The supplies will enhance future greenhouse projects. Congratulations to Catherine Rahn for her hard work!

PTCO Meeting Changed - The PTCO Meeting scheduled for February 17, 2002 has been postponed to February 24, 2002 due to Winter break.

Get Well - Superintendent. Stailey will have surgery on Monday, January 28th. If any students or staff would like to send Superintendent Stailey a get well wish, please bring your cards to Building 6, Alumni Hall and put them in the "**Fishing Well**" outside his office door, Room 133. I will deliver everyone's well wishes on Wednesday (1/30/02) and again on Friday (2/1/02). During his absence, Andrew Metz Asst. Superintendent will be representing ISD. Thank you. - Mary C. Rice, Secretary to the Superintendent

IT'S GIRL SCOUT COOKIE TIME! - Once again ISD Troop 299 is selling cookies. This year we have two new varieties of cookies. There is the OLE' OLE' cookie which is a bite-sized vanilla cookies with pecan chips and coconut covered with powdered sugar and the ALL ABOUT, a shortbread cookie with a rich fudge coating on the bottom. We also have all of your old favorites, THIN MINTS, SAMOAS, DO-SI-DOS, TAGALONGS, TREFOILS, and ALOHA CHIPS. Yum, Yum! The cost is still \$3.00 per box and delivery is February 15, 2002. There are order forms located throughout campus. If you do not see an order form, please e-mail Kathy Hudson at KHudson@isfd.state.in.us or call ext. 412. Thanks for your support!

Recycling Tips -

- ❖ Do not place phone books, magazines or catalogs in the paper recycling containers. Used phone books are being kept in the basement of Building 6. A separate company will be recycling these books. Magazines and catalogs should be placed in the trash.
- ❖ Please remember to place your recycled items in the bins at your recycling station by Friday morning of each week.
- ❖ The green paper containers are there for "office paper only". This means paper that is used in copy machines, fax machines, computer printers etc. You can also put colored copying paper, junk mail, and envelopes in this bin.
- ❖ Construction paper is not to be recycled. Place it in the trash containers.

- ❖ Plastic and glass can be put into the same container as pop cans.
- ❖ Newspapers should be collected and put in boxes provided by Suzanne Bono's high school class.

Dance Kaleidoscope at ISD – For the past two years Dance Kaleidoscope has performed and taught our students to express themselves through dance. The students have loved the experience and interacting with the dance teams. This year we will have a performance only. Dance Kaleidoscope will be in the Elementary Gym on Wednesday, January 30 at 10:15. The performance will last for approximately forty-five minutes.

Technology News – The Technology Center would like to inform you of the arrival of our long-awaited, new HP JetDirect print servers. These print servers will replace these blue Netgear print servers you have in your locations. We will begin to roll these JetDirects out within the next week. We will eventually get to all your printers that require more than one computer connected to it. Most of the staff with printers in their own offices will not need these JetDirects as your printers will be connected directly to your computers. These new print servers will mainly go to classrooms and labs. The HP JetDirects have been tested in several classrooms and our findings show that they are superior to the Netgear print servers that are in place now. We feel confident that you all will be pleased with the new HP JetDirects.

Elementary Drama Performance – Our 2nd Graders will give a great play on February 1st from 1:15 to 2 p.m. Please come to Elementary Gym and watch our students proudly perform their new drama skills in the original plays entitled "Fountain of Youth", "Chinese New Year", and "The City of Dragons".

Sports Update

MS Girls Basketball - The MS Girls Basketball Team lost to park Tudor last night 22 to 111. The team tried hard but need to improve their defense and offense. We let them score too many easy baskets. Baswana led the team with 7 rebounds, which is her career high. Sami Krieger had 6 steals.

HS Girls Basketball – ISU – 58 vs. New Creations – 19 Our pressured defense and fastbreaks were too much for New Creations to handle in the 1st Quarter as we grabbed a 25 – 2 lead. After the 1st Quarter we played our normal 2-1-2 zone defense and set up our offense without any fastbreaks. Our second unit played about 60% of the game. We saw some improvements in them but they still need a lot of work. As a team, we grabbed 42 rebounds with 25 steals and 20 assists. The Player of the Game was Brooke Aldete with 10 points, 10 rebounds, 3 steals and 3 assists. Our current record is 13 and 7. The next game is with Illinois during the ISD Homecoming – Ken Kramer.

Message from Superintendent Stailey - Even while recovering from surgery, the Superintendent is always working for the students and staff here at ISD. Today, I delivered some important paperwork along with your cards to Superintendent Stailey. He was not eager to receive the paperwork, but all of your cards were greatly appreciated. They put a big smile on his face!). He asked that I thank everyone for all of their thoughts and support. He is feeling a little better at each passing day. He plans on being back to ISD on Monday, February 4th with his smiling face, business clothes, and ready to continue with a positive school year. Thanks again for your all your cards! - Mary Rice, Secretary to the Superintendent
